

SCUBA DIVING COURSE

Mar 8 – 11

Age 13+

If you would like to become a scuba diver, this class is for you. Your knowledge of scuba diving will increase exponentially during this class as you begin your journey to become a certified diver. This four day session includes classroom and water instruction plus a final exam. However, this four day course is only the first phase of obtaining a scuba certification. Upon completing the course individuals will need to obtain an Open Water referral from the instructor to complete the scuba certification. The Open Water dives will NOT be done through the Meeker Recreation Center. Participants must provide their own masks, snorkels and fins. Booties are optional, but nice. All scuba gear is provided. After completing this class you will be ready to perform your Open Water Check Out Dives. (Additional costs for Open Water dives will apply.)

Location MRC Pool

Cost \$300

Age 13+

Instructor Anthony Mazzola

Min/Max 5/8
